

ASTRO VOYAGER

THE ULTIMATE IN SPECIALIST SEATING COMFORT

For people who are limited to a passive seating position, the Voyager offers superb comfort, postural support and pressure relief. The polystyrene-filled back, seat and leg rest sections, ensure even pressure distribution for all parts of the body.

Each compartment features bead-filled cushions that provide optimum body contour support

- Tilt-in-Space | Leg Rest Elevation | Back Angle Adjustment
- All cushion elements can be unzipped for easy removal and cleaning.
- Removable comfort arms provide sensory feedback and additional comfort, enhancing relaxation.
- By adding/removing the polystyrene granules, the level of support can be altered to accommodate various body shapes.
- Optional washable cover in grey terry cloth available.
- Multi-adjustable to suit many individual users
- Lightweight and easy to push
- Adjustable headrest
- Crash tested

Maximise seating comfort with premium quality polystyrene granules. Each granule is between 3,6 mm and 5,6mm in diameter and has an insulating effect creating a comfortable temperature zone.

These granules are manufactured from 100% expanded polystyrene and are fully recyclable. They have been certified by the National Institute of Hygiene and do not pose any hazard to human health.
